(Announcement) 3DM Selected as a Component of J-Stock Index

3-D Matrix, Ltd. (3DM) announces that Osaka Securities Exchange Co., Ltd. will select our stocks on October 1, 2012 as a component for calculation of “J-stock Index”, which is ranked as one of the companies representative of JASDAQ market.

The section where our stock price listed on newspapers and other media will be changed from “Precision Instrument” to “J-Stock” after October 1, 2012

3DM is promoting our business development and increase of corporate value.

[J-Stock Index Components]

Osaka Securities Exchange Co., Ltd. selects stocks as “J-Stock Index Components” which meet a certain standard regarding market capitalization, trading value in the previous one year, and others, and releases stock price index as “J-Stock Index” calculated with market capitalization weighted average of those stocks.

For more details about “J-Stock Index”, please refer to the website, <http://www.ose.or.jp/>.
