**Absorbable Hemostat “PuraStat®”**  
**Product Registration Obtained in Singapore**

The 3-D Matrix group is working towards commercialization of absorbable hemostat “PuraStat®” globally. The company hereby announces that the subsidiary, 3-D Matrix Asia Pte. Ltd., has obtained the medical device product registration in Singapore on September 3, 2014.

The group has obtained CE marking for the absorbable hemostat “PuraStat®” on January 14, 2014. This CE marking can be leveraged by using it as a reference regulatory agency approval in various countries in Asia-Pacific and Latin America. The product can be commercially marketed once approval is obtained in each country.

The application for product registration in Singapore which 3-D Matrix Asia Pte. Ltd. submitted on June 3, 2014, had utilized the CE marking approval for the abridged evaluation route. With this medical device product registration approval from Health Sciences Authority, our commercialization activities in Singapore can start.

The company is currently focused on product launch in Europe. In the meantime, 3-D Matrix Asia Pte. Ltd. is preparing for product registration in Indonesia, and plans to do the same in other markets in Asia-Pacific region, leveraging on the CE marking.

This announcement does not influence the earning forecast of the company at this moment.
